PRESS RELEASE FOR IMMEDIATE RELEASE

Radio-Hull, 3rd edition: an ephemeral and interdisciplinary radio event.

Gatineau, August 16th, 2022 - From September 8th to October 5th, 2022, the Centre de production DAÏMÔN presents the third edition of Radio-Hull; 28 days of original programming highlighting local artistic practices. This initiative benefits from the financial support of the Conseil des arts et lettres du Québec, the City of Gatineau and the Government of Quebec as part of the 2021-2023 Development Agreement and is carried out thanks to the artistic contribution of many artists, organizations and partners that we invite you to discover with us.

Bringing together local communities, Radio-Hull is a unique interdisciplinary radio event that will accompany you day and night as you explore the arts and the city. For this third edition, DAÏMÔN is pleased to welcome artist D-Track, who will kick off a series of outdoor events on September 10th.

Our Cartes Blanches partners are back and will transport you into transdisciplinary universes combining performing arts, visual arts, history and heritage, poetry and more. L'Avant-Première lifts the veil on the creative process, the artist-run center AXENÉO7 proposes a new series of Discussions dans la cour; Éditions le Clinique presents Versions de l'espèce and Transistor Média invites you to discover local paranormal phenomena through the series Hantées.

In addition, artist Sarah Seené showcases a series of photographic and audio portraits of Old Hull residents. Projet Eva presents Nous sommes les fils et les filles de l'électricité (NSFFDE), an event combining performance, digital arts and interactive practices. And that's just the beginning!
